

# ACTIVE RECYCLING

## Material Recovery Facility & Transfer Station

---

Facility and Plan Review Subcommittee  
Los Angeles County  
Integrated Waste Management Task Force

(FINAL)

May 26, 2011  
Emiko Thompson

# PURPOSE

- CalRecycle approved City of Los Angeles' Nondisposal Facility Element (NDFE) in 1996.
- City is proposing to amend its NDFE to incorporate **Active Recycling MRF & TS**.
- Purpose is to obtain Task Force's comments on the proposed NDFE amendment.

# ROLE OF TASK FORCE

CCR, Title 14, Section 18761 (b)

- Advise jurisdictions responsible for NDFE preparation,
- Review goals, policies and procedures for jurisdictions,
- Upon implementation, aid in meeting County's Solid Waste Management needs (PRC 41780).

(b)(1) Assist and advise in review of NDFE

Assist jurisdictions in the implementation of NDFE

(b)(2) Provide technical guidance and info regarding recycling to local jurisdictions during preparation and revision of NDFE.

- Present related info to the public at public hearings upon request by local government/local organizations.

# OWNER AND KEY PERSONNEL

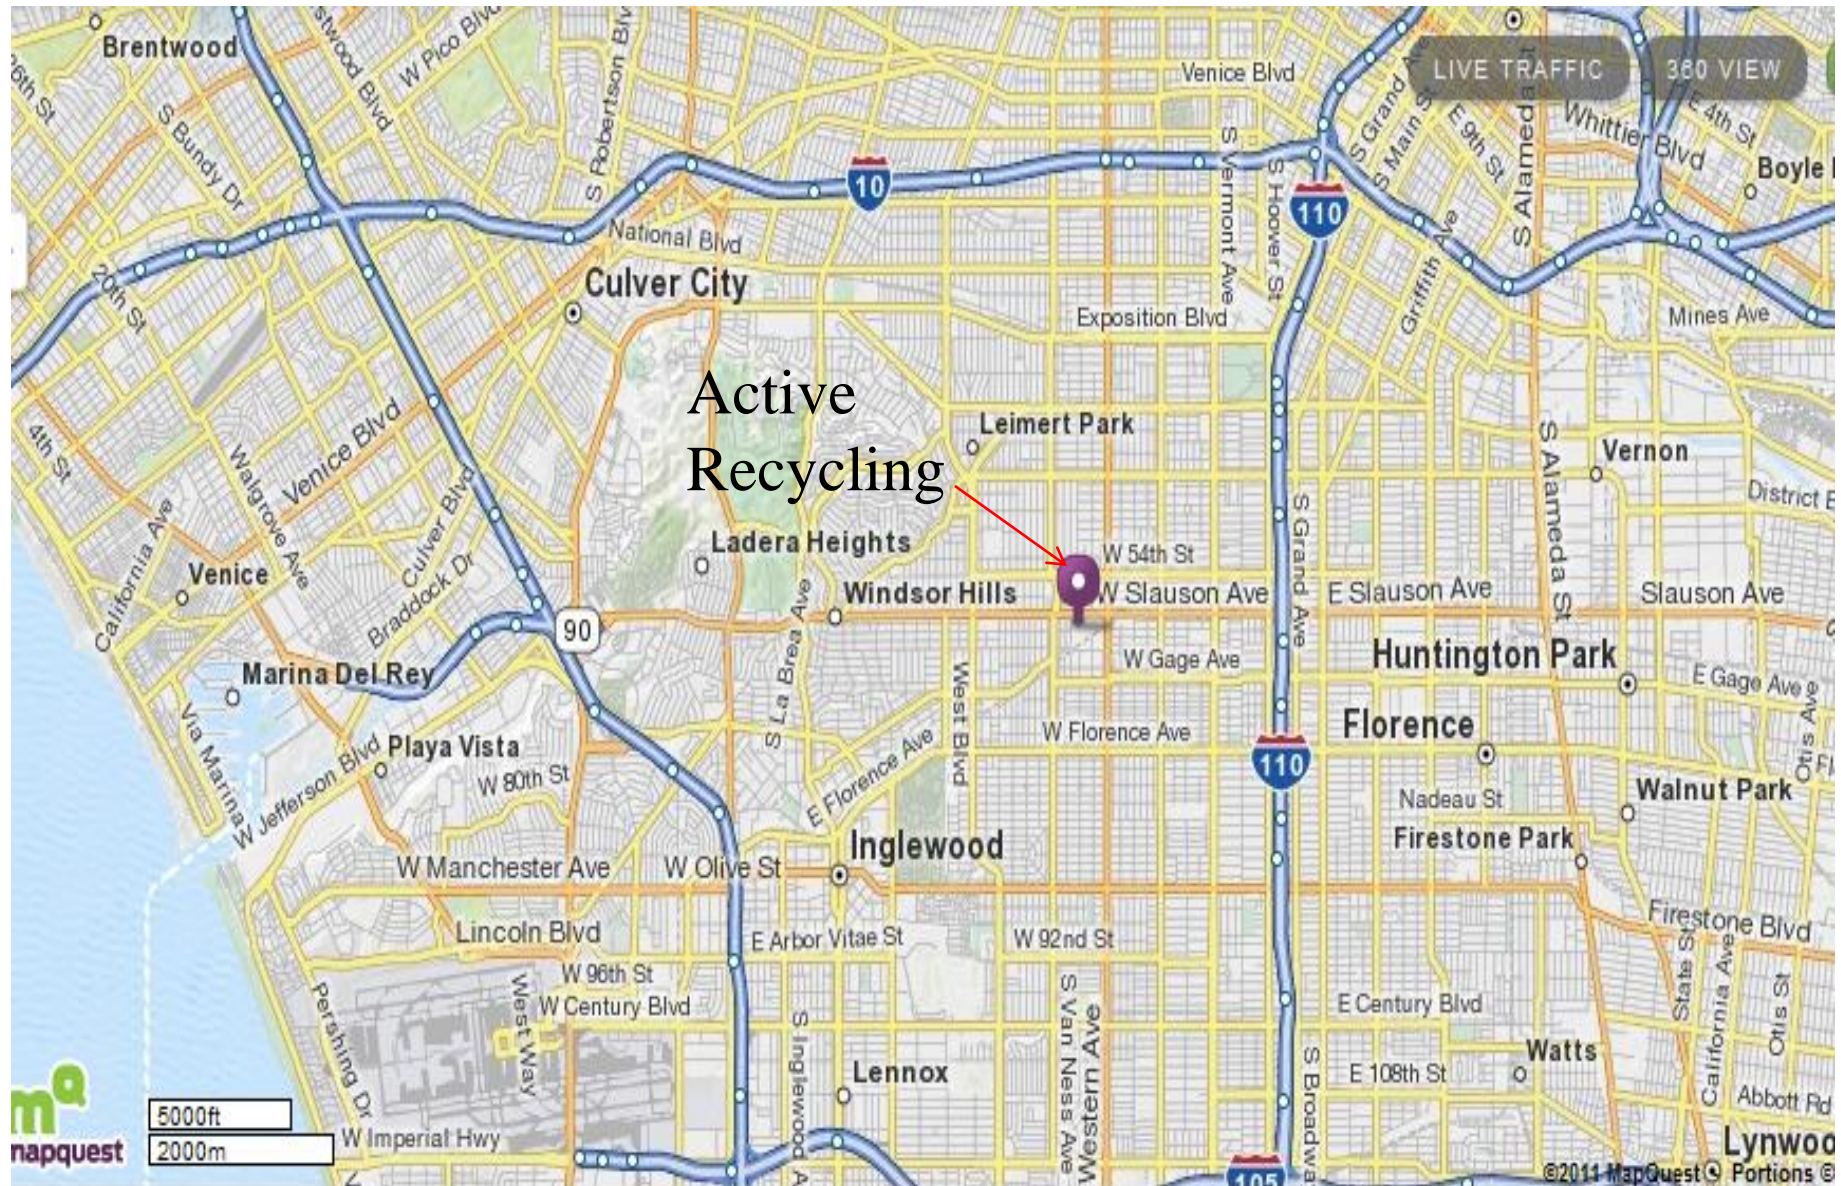

Owner - Marilyn D. Segal

Operator - Active Recycling Company, Inc.

General Manager – Errol Segal

# Vicinity Map

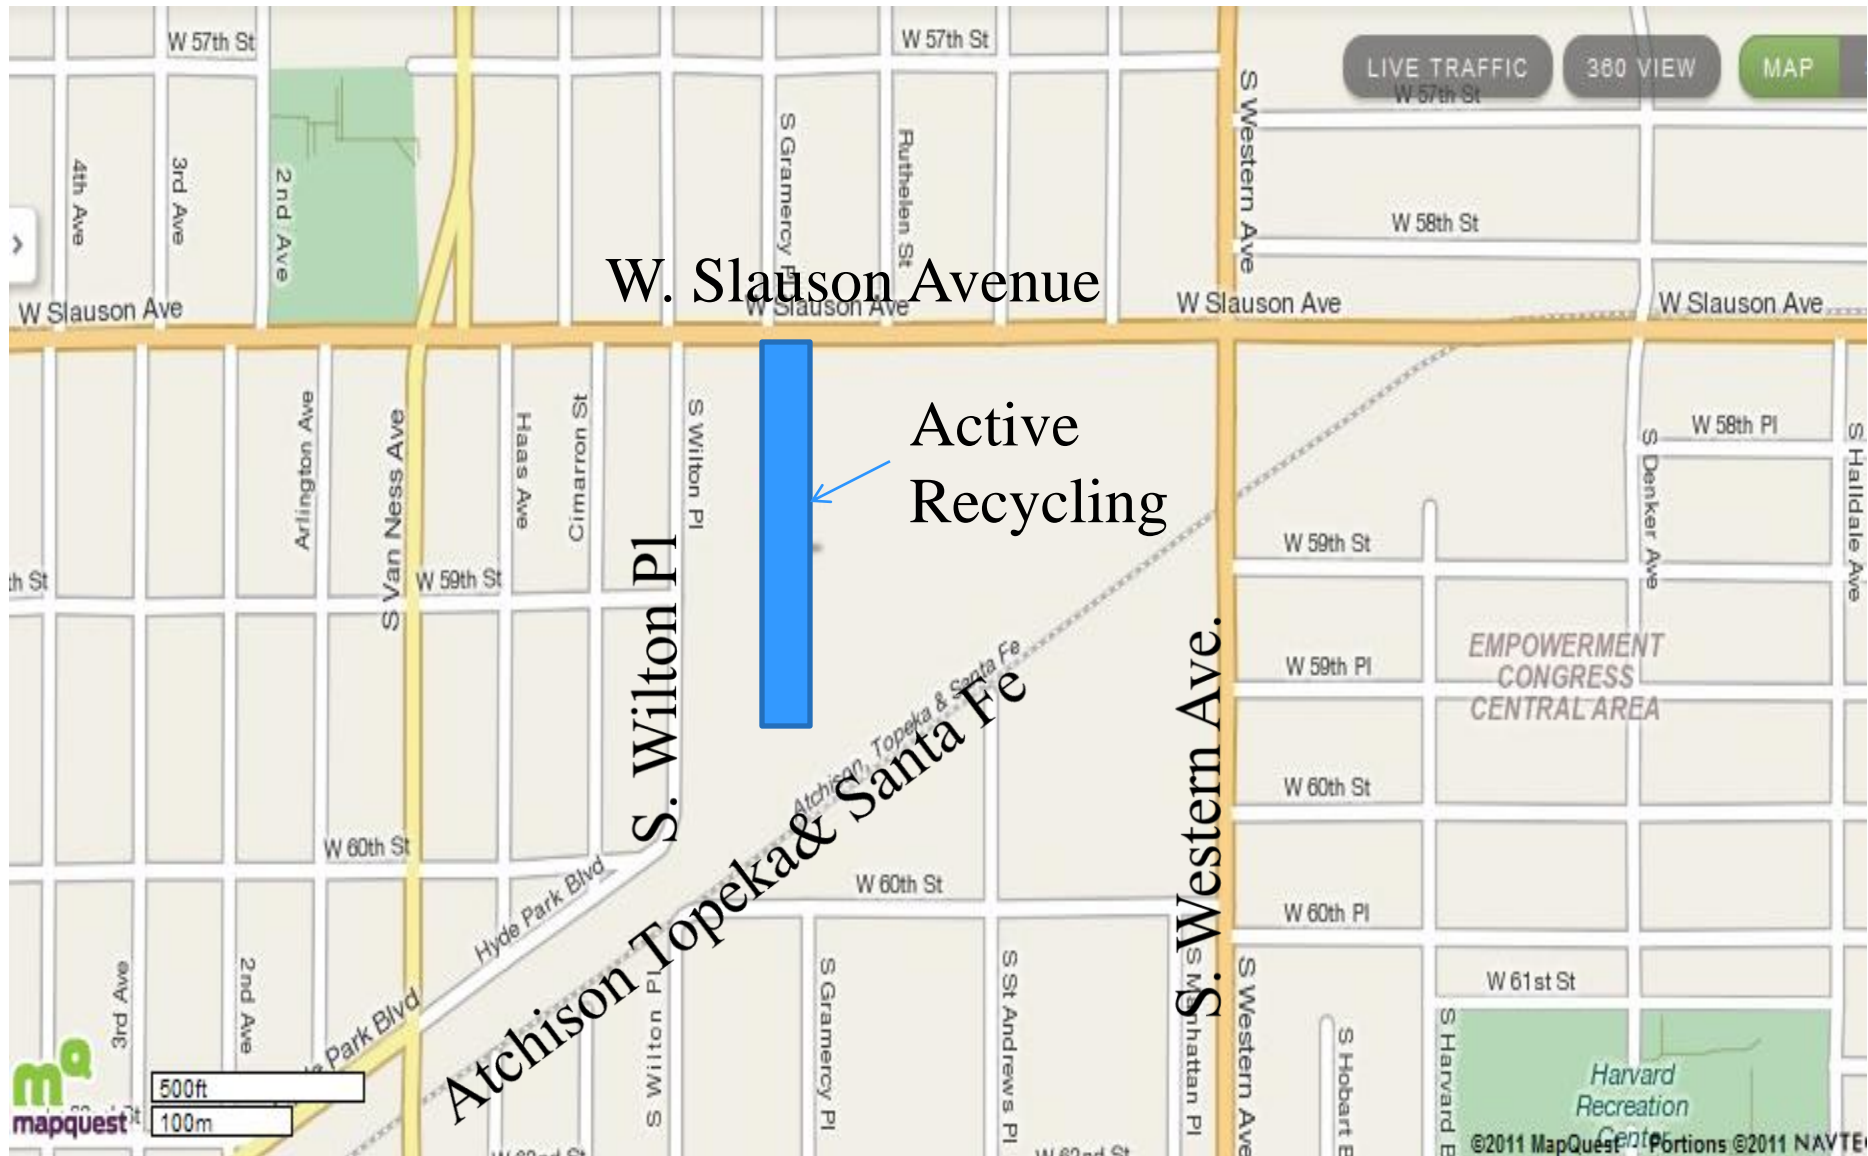

# Zoning

# Location Map

# EXISTING RECYCLING CENTER

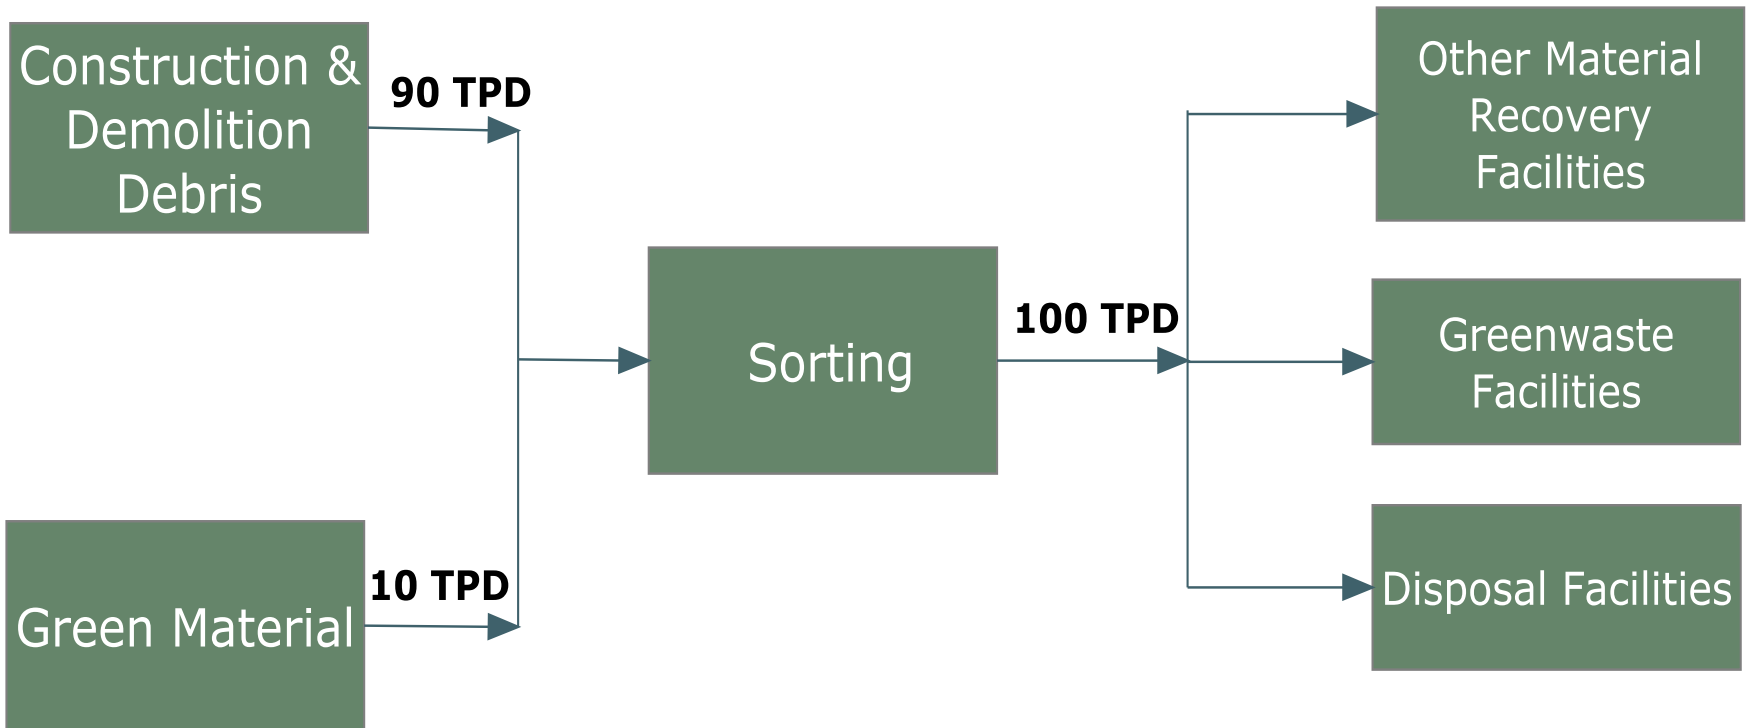

- Currently, site contains **Active Recycling Center** that has been in operation since 1976.
- Site will incorporate **Active Recycling MRF & TS** to also handle:
  - **Construction & Demolition debris**
  - **Greenwaste**
- **Solid Waste Facility Permit** will be required.

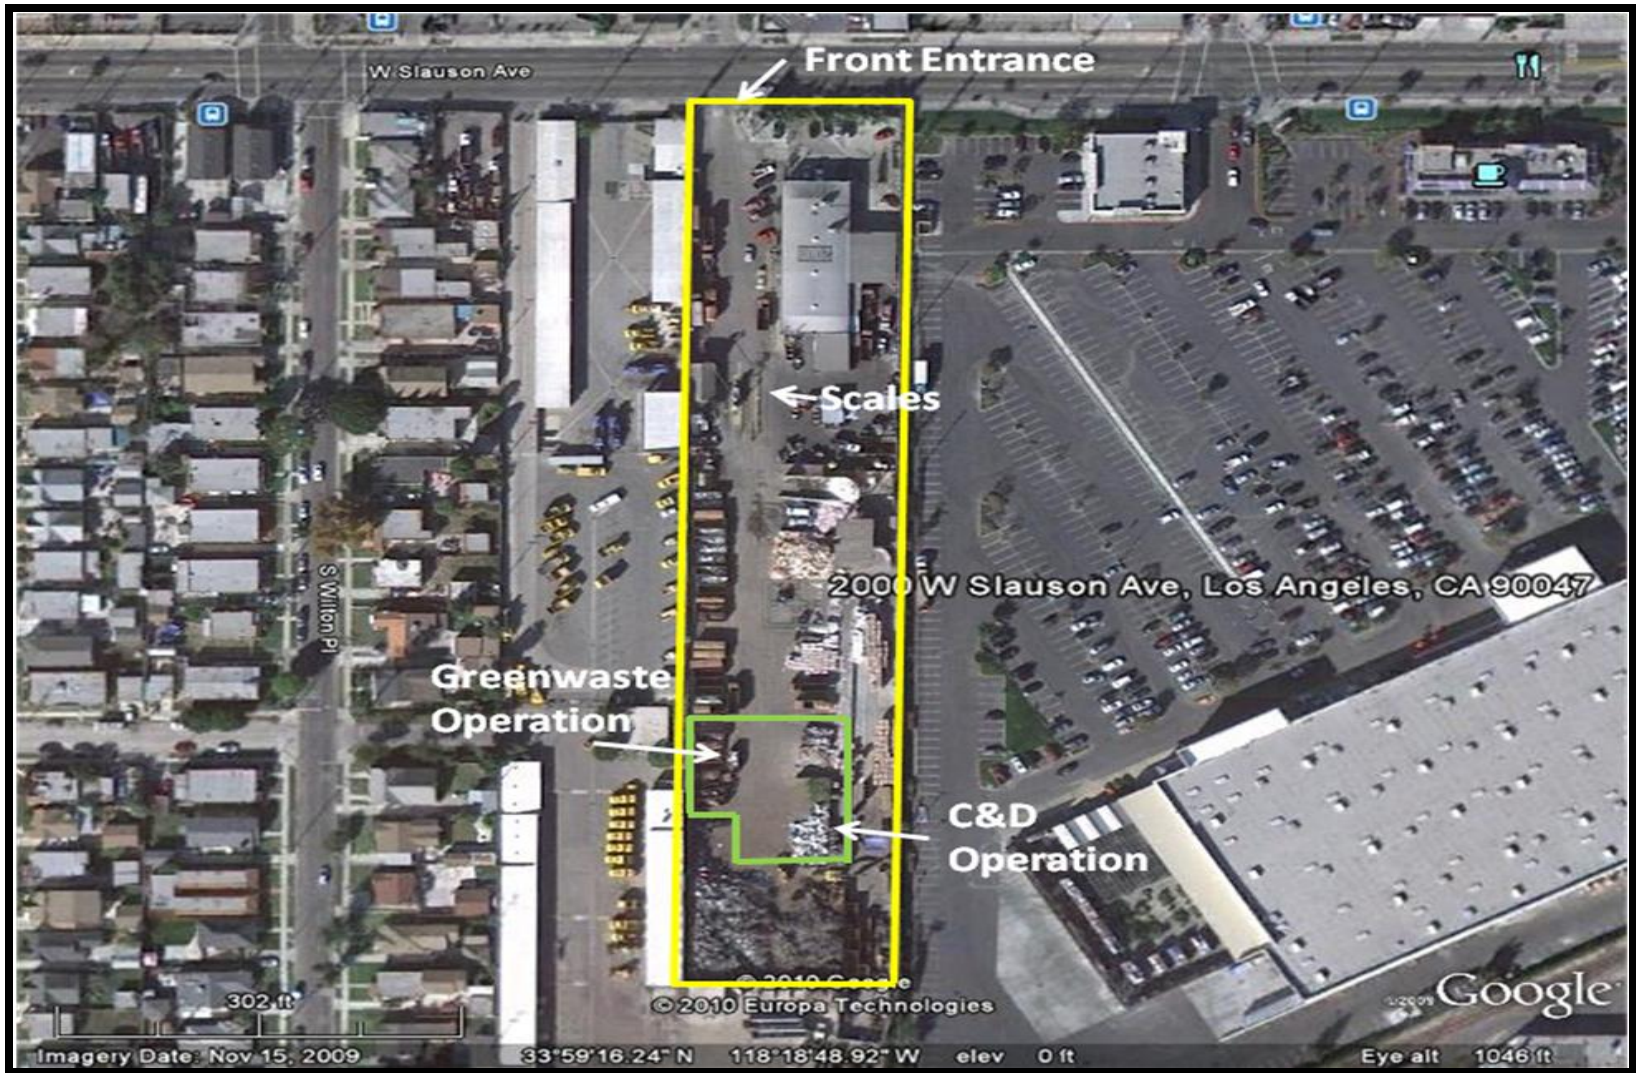

# PROPOSED MRF & TS

- Proposed **Active Recycling MRF and TS** will accept source separated:
  - **C&D debris – 90 tpd**  
Loaded and taken to other processing facilities
  - **Greenwaste – 10 tpd**  
Taken to Puente Hills for ADC, or to other TS
- **No MSW** accepted
- Residue taken to Sunshine Cyn Landfill or other TS

## EXISTING KEY NOTES

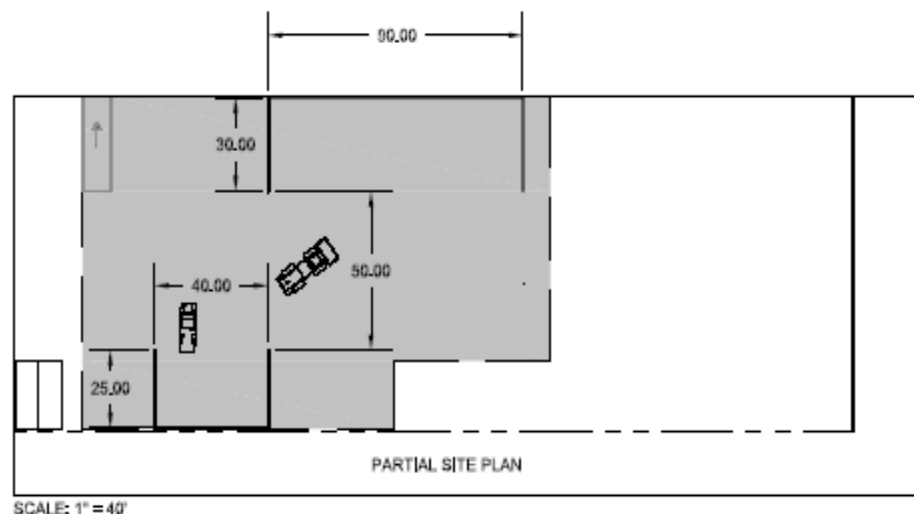

- E.1 Fire Hydrant
- E.2 Gated Ingress/Egress
- E.3 Propane Tank
- E.4 Scales
- E.5 Scale House
- E.6 Building
- E.7 Hazmat Storage Locker
- E.8 Roll-Off Bin Storage
- E.9 Scrap Metal Yard
- E.10 Fire Hose
- E.11 Loading Dock
- E.12 Perimeter Security Fence (Min. 8' tall metal galvanized metal and chain link.)
- E.13 Landscape Area
- E.14 Loading Dock

## TRUCK LEGEND

## PROPOSED KEY NOTES

1. Green Material Bunker (40' w x 25' d x 12' h)
  2. C&D Bunker (90' w x 30' d x 12' h)
  3. Tipping Area
  4. Green Material Storage
  5. Boundary of C&D and Green Material Processing Area
  6. Parcel Proposed for Purchase
  7. Proposed Metal Clad Screening/Security Fence (if adjacent property is acquired)
  8. Proposed Metal Clad Screening/Security Fence (if adjacent property is not acquired)
- NOTE: Material Storage Shall Not Exceed the Height of Existing/Proposed Fencing/Screening

## ACTIVE RECYCLING SITE PLAN

2000 W. SLAUSON AVENUE, LOS ANGELES, CA 90047

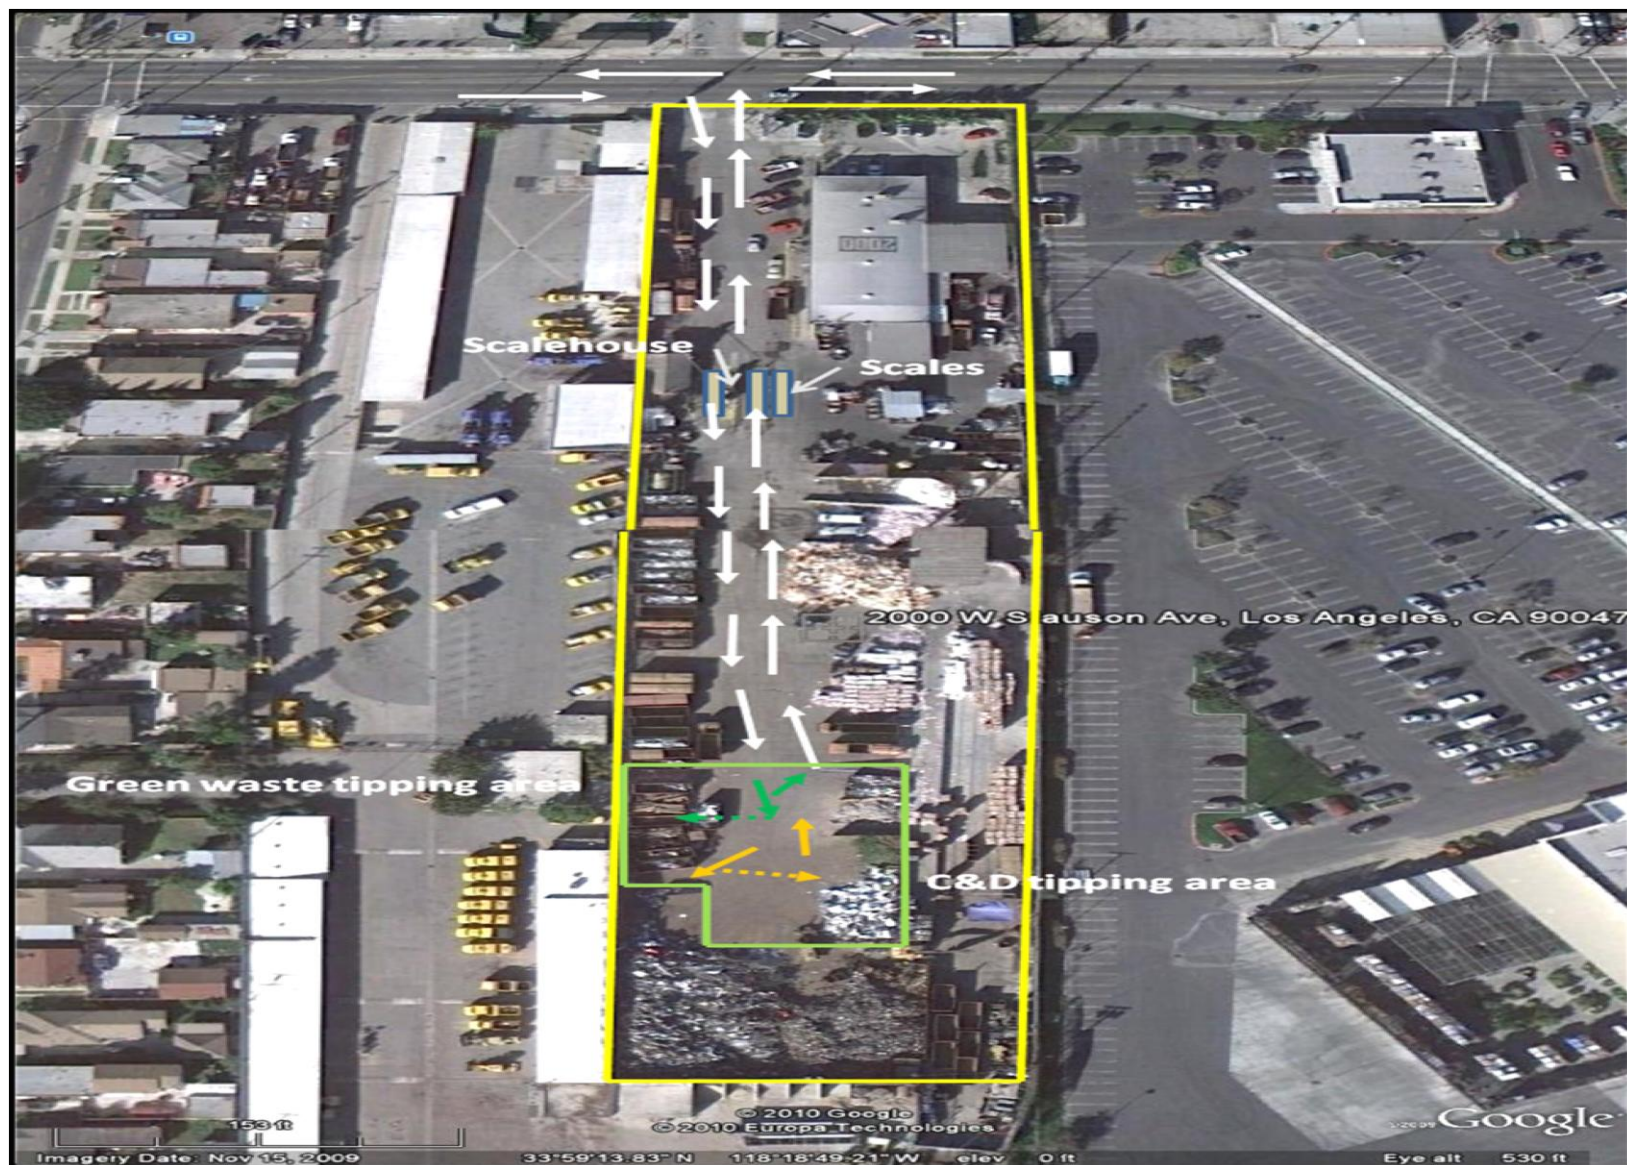

CLEMENTS ENVIRONMENTAL  
15230 BURBANK BL., STE. 103  
SHERMAN OAKS, CA 91411  
(818) 267-5100

# HOURS OF OPERATION

- Open 7 days a week
- **Public/Business Hours**  
6 a.m. to 4:30 p.m.
- **Internal Operations**  
6 a.m. to 5:30 p.m.  
(based on statements by facility owner/operator)
- Utilized by City of Los Angeles and unincorporated County areas.

# Traffic Circulation

# TRAFFIC CONTROL

- On-site traffic is controlled by the Facility Supervisor and Scale Attendant.
- Five trucks can queue within the property before reaching the scale.
- Eight trucks are estimated to arrive during the peak hour.

Traveling westbound on Slauson Avenue  
approaching the Facility's driveway

Looking north at the driveway  
exiting onto Slauson Avenue

Looking south at the Scale House

Looking east towards the existing bunkers for paper recyclables

Looking north towards the scales  
from the proposed C&D and greenwaste area

Looking south towards the existing Active Recycling Center

Inside of the existing Active Recycling Center

# FINDINGS

The Proposed NDFE Amendment :

- Conforms with Countywide Integrated Waste Management Plan
- Complies with State Laws and Regulations

# RECOMMENDATIONS

- Concur with amending City of Los Angeles' NDFE.
- Request monthly reports to be submitted on a quarterly basis to the Los Angeles County Department of Public Works, Environmental Programs Division at [www.solidwasteredrs.org](http://www.solidwasteredrs.org).

Thank You
